Reed Technology

“Version 1 are delighted with the quality of CVs we received from Reed Technology and we have hired a number of excellent staff through them. In the IT industry it is sometimes very difficult to find candidates in very short time frames but Reed found us excellent staff at sometimes very short notice. Accounts Management is also very well handled by Reed and turnaround times are very quick. We have found their customer service excellent. We would definitely recommend them as an agency and look forward to continuing to work with them.”
